## Breeding

---

I have been in the Cutting Horse Industry since 1990 and competing since 1992. I have always believed in the importance of the dam side of the pedigree and as such my breeding program was built around this. Dams, who not only had very good pedigrees, but were great performers themselves. Taking these mares and breeding them to some of the best sires in the industry, has resulted in some great prospects listed here for sale.

As well as the horses listed, we are excitedly awaiting the arrival this Spring of a High Brow CD out of Cari Charisma, High Brow Cat out of Pistol Smart, High Brow Cougar out of Smart Little Samantha, WR This Cats Smart out of Hickup a Buck (half sister to Pistol Smart) and Filo Sandine out of Missin Gaylena.

## Showing

---

Due to business time constraints in the past, most of my cutting involved showing in aged events both in Canada and the USA. However, in the latter part of 2010 I attended several weekend cuttings throughout Alberta, BC and Saskatchewan with my Smart CD Lights Gelding and had a great time.

I would like to thank Denton for his help, coaching, and friendship over the years. Denton also trained MC Chiquita Catolena, who is presently blazing a trail in Texas for me under the capable guidance of Lee Francois. This duo have recently been finalists in many aged events as well as winning several weekend open cuttings for me. GO CHICO GO!!!

Over the years I have had some very good horses, many of which were trained by Denton Moffat. A few recent sales include CR Top Cat - sold to Barb Veldhuis, Reyligious - sold to Bill Jani, High Heel Kitty - sold to Valerie Martin (all trained by Denton) Nancy Calvin, Wendy/Campbell Garrard and Brian Meints. I would like to thank these customers and wish them good luck in the show pen.

I would also like to express my gratitude to the following trainers who have assisted me at these cuttings: Denton Moffat, Doug Reinhardt, Gerry Hansma, Brad Pederson, Dustin Gonnet, Loren Christianson, Les Timmons, Wendy Garrard, Clint Christianson, and Jason Hanson.
